GLIDER RIDER

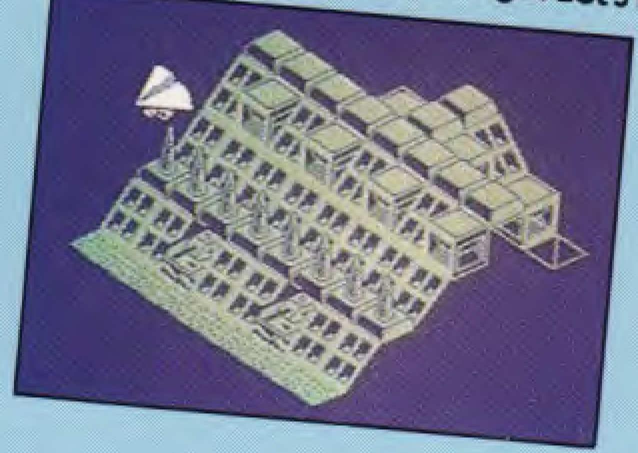

AUGUST 2015
9 Tues

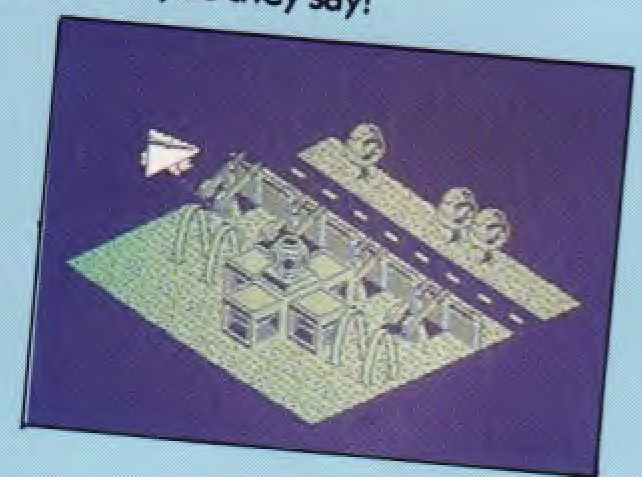

"No problem" they claim. "This will be the easiest mission of your career and such incredible acclaim will be yours when you succeed, you'll be able to retire and write books."

Everyone has heard of the Abraxas Corporation – 'Arms for Anyone, Anywhere, Any Reason, Any Quantity' is their slogan. Not the nicest of mottos and that's why the combined European Government decides that something has to be done – Abraxas has to be destroyed. SBD squadron to the rescue and their ace glider is Me.

Kit One hangglider (collapsible)
One motor unit (convertable Bicycle/Microlite)
Standard issue and hand grenades
Guts

One quick prayer and off I go. Let's hope it's as easy as they say!
